## CHAPTER PREVIEW

In this powerful kapitel, Dovid HaMelech sings of the ultimate victory and greatness that Hashem promises to his master, assuring him that his enemies will be made into a footstool for his feet. Hashem promises to send his mighty staff from Tzion, granting him dominion over all adversaries and establishing him as a righteous leader forever. We are reminded of Hashem's absolute justice as He judges the nations and crushes the heads of those who stand against His will, bringing ultimate triumph and lifting the head of the righteous.
